GE imagination at work

www.gelighting.com

GE Home & Business Solutions poskytuje široký sortiment výrobků a služeb po celém světě, včetně elektrických spotřebičů a řešení světelné a elektrické distribuce. Ve více než 100 zemích používá GE Consumer & Industrial pro poskytování řešení pro komerční, průmyslové a domácí použití inovační technologie a „ecoimagination“, GE iniciativa průbojně přináší na trh nové technologie, které pomáhají zákazníkům a spotřebitelům vyhovět naléhavým požadavkům, přispívajícím ke zlepšení životního prostředí. GE rozsáhle investuje do vývoje a výzkumu, a proto můžeme nabídnout značně výhodná řešení, která mohou vyhovět technickým a kvalitativním specifikacím našich zákazníků. GE Lighting – divize GE Consumer & Industrial – je jedním z největších dodavatelů světelných zdrojů na světě, který poskytuje nejmodernější technologie, nabízí úplný sortiment žárovek, halogenových žárovek, zářivek, kompaktních zářivek, výbojek a autožárovek. GE zaujímá od začátku vedoucí roli v automobilovém osvětlení, nyní nabízí kompletní řadu automobilových žárovek pro napětí 12V a 24V. Řada automobilových žárovek vyráběná v Evropě, která je zahrnuta v tomto katalogu, je prodávána po celém světě jak pro použití ve světlometech u prvoosazovatelů, tak i pro použití na trhu. Na požádání je k dispozici i samostatný katalog pro GE autožárovky určené pro severoamerický trh.

GE Home & Business Solutions bietet Ihnen eine weltweit breite Palette von Produkten und Dienstleistungen für Haushaltsgeräte, Beleuchtung und elektrische Verteilersysteme an. GE Home & Business Solutions bietet Lösungen für Gewerbe, Industrie und private Haushalte in mehr als 100 Ländern. GE Home & Business Solutions bietet innovative Technologie und „Ecoimagination“, eine Initiative von GE, um mit neuen Technologien die Herausforderungen für eine saubere Umwelt zu meistern. GE Lighting – ein Teil von GE Home & Business Solutions – ist einer der größten Hersteller von Lichtquellen mit modernster Technologie und bietet das gesamte Spektrum an Glüh-, Halogen-, Leuchtstoff-, Kompaktleuchtstoff- und Gasentladungslampen einschließlich Automobilbeleuchtung. GE hatte von Anfang an eine führende Rolle in der Automobilbeleuchtung und bietet heute ein breites Spektrum im 12V und 24V Segment, sowohl für die Erstausrüstung als auch für den Aftermarket. Die Produktpalette für Automobilbeleuchtung in diesem Katalog wird überwiegend in Europa hergestellt. Auf Anfrage senden wir gerne einen Katalog von GE Lighting Nord Amerika für die Automobilbeleuchtung.

GE Home & Business Solutions oferuje szeroki asortyment produktów takich jak sprężet AGD, oświetlenie oraz rozwiązania rozdzielni energii elektrycznej na całym świecie. Oferując rozwiązania dla przemysłu, sektora komercyjnego oraz budownictwa mieszkaniowego w ponad 100 krajach GE Consumer & Industrial stosuje intensywnie innowacyjne technologie oraz program GE o nazwie „ecoimagination” pomagając naszym klientom w spełnianiu coraz większych wymagań ochrony środowiska. GE intensywnie inwestuje w badania i rozwój i możemy obecnie zaoferować ciekawe rozwiązania, które mogą spełnić zarówno techniczne jak też jakościowe wymagania naszych klientów. GE Lighting – oddział GE Consumer & Industrial – jest jednym z największych dostawców źródeł światła na świecie zapewniając produkty o najwyższym poziomie technicznym. GE Lighting oferuje pełny asortyment lamp żarowych, halogenowych, wysokoprężnych (HID), świetlówek kompaktowych oraz żarówek samochodowych. Od początku istnienia przemysłu samochodowego GE odgrywało czołową rolę w oświetleniu pojazdów samochodowych i obecnie oferuje pełen typoszereg żarówek samochodowych na napięcie 12V i 24V. Nasze żarówki samochodowe produkowane w Europie, sprzedawane są na całym świecie zarówno do producentów oświetlenia samochodowego jak też na rynku wymiany. Na życzenie dostępny jest oddzielny katalog żarówek samochodowych GE Lighting zawierający żarówki przeznaczone na rynki Ameryki Północnej.

GE Home & Business Solutions provides a broad range of products and services throughout the world, including appliances, lighting and electrical distribution solutions. Providing solutions for commercial, industrial and residential use in more than 100 countries, GE Consumer & Industrial uses innovative technologies and „Ecoimagination”, a GE initiative to aggressively bring to market new technologies that help customers and consumers meet pressing environmental challenges. GE Lighting – a division of GE Consumer & Industrial – is one of the largest suppliers of light sources in the world. We provide state-of-the-art technology and are able to offer a full range of incandescent lamps, Fluorescent lighting products, Halogen, HID, Compact fluorescent and Automotive lamps. GE has played a leading role in Automotive Lighting for many years. Nowadays we are able to offer a full range of vehicle lamps operating on either 12V or 24V systems. The automotive product range produced in Europe – which is included in this catalogue – is sold all over the world, both for original equipment use and for use in the aftermarket. Upon request a separate catalogue is available on the GE Lighting North American Automotive range.

Certification

Společnost je na schváleném seznamu mnoha světových výrobců automobilů, u kterých je klíčovým měřítkem kvalita a výkonnost. Spolehlivá kvalita automobilových žárovek je zaručena:

- Počítačově řízeným a kontrolovaným konstrukčním procesem
- Plně automatizovanými výrobními linkami
- Vysokou úrovní systému zajištění kvality.

Nasza firma posiada certyfikaty wielu światowych producentów samochodów, dla których jakość oraz parametry są zasadniczymi elementami kwalifikacji. Wysoka jakość naszych żarówek samochodowych jest zapewniana przez:

- Proces produkcyjny sterowany i kontrolowany komputerowo
- Całkowicie zautomatyzowane linie produkcyjne
- Wysoki poziom systemu zapewnienia jakości

Unser Unternehmen befindet sich auf den meisten Freigabelisten der weltweiten Automobilindustrie, dort wird der Schwerpunkt auf Qualität und Leistungsfähigkeit gesetzt. Die verlässliche Qualität der Automobillampen wird erreicht durch:

- computergestützte 100% Qualitätskontrolle
- vollautomatische Produktionsverfahren
- hochentwickelte Qualitätssicherungssysteme

The company is on the Approval list of many of the worlds car manufacturers, where quality and performance are key measurements. The reliability and quality of automotive lamps is ensured by:

- Computer-managed and controlled design process
- Fully automated production lines
- High level of quality assurance system
- Continued investment programs
- A commitment to continuous improvement

ISO ISO 9001, ISO TS 16949 and ISO 14001 quality system certification

E1 ECE compliance, homologation

Original Equipment Global OEM customer base

EoLV, ROHS compliance

UV Use of UV cut glass, safe for use in plastic headlights

Legend

Automotive Lamps

Xenon High Intensity Discharge lamps

Xensation™ - D1S, D2S, D2R

Xensation GE D1S, D2S, D2R Automotive discharge headlight lamps

Thanks to our latest lighting technology, GE Xensation lamps provide a major leap in road safety over conventional halogen lamps due to enormous increase in the illuminated field of vision. See the comparative light charts and photos below.

Benefits of GE Discharge lamps:

- Better visibility and illumination- the light emitted provides the driver with many benefits. It assists the human eye and allows better visibility and improved hazard awareness, allowing the driver to navigate poor driving conditions with increased confidence and with less fatigue.
- Greater illuminated area on the road.
- Lower power consumption – 35W only instead of 55W (ordinary halogen lamp power consumption).
- Better durability – excellent vibration and shock resistance giving significantly greater reliability.
- Optically advantageous whiter light compared to halogen lamps designed to give a colour that is closer to natural daylight.

Halogen headlight lamps

lighting your way...

As well as the basic range, GE automotive also offers the premium range, based on special lamp designs. The premium range includes: Megalight Ultra +120, Megalight Ultra +90, Megalight Plus, Sportlight, Extra Life, Heavy Star, Rally. The premium lamps have additional benefits in terms of life, colour, vibration resistance or wattage.

The premium lamps are also E1 marked, making their use on the EU roads possible, with the exception of Rally lamps that were designed for off-road usage.

Extra life lamps have enhanced life, Megalight Plus and Ultra lamps possess increased luminance, Sportlight halogen lamps give intense blue-white light.

Operational voltage is a critical parameter influencing the life time of the automotive lamps. The life of the lamp is sensitive to the operation voltage of the car, 1% of change of the voltage results in 12-15% change of life with opposite sign.

The special quartz glass used for GE automotive lamps cuts the UV component of light, it means that GE automotive lamps can safely be used in plastic reflectors without the risk of discoloration.

O 120% více světla na vozovce
 Nová úroveň výkonu – optimalizovaná konstrukce s použitím 100% xenonu jako plnicího plynu

- Nejintenzivnější a nejvýkonnější úroveň osvětlení z hlediska svítivosti, pro bezpečnější řízení
- Zvýšená úroveň svítivosti světlometu pomáhá v redukci nehod v nočním čase / za podmínek snížené viditelnosti

Do 120% więcej światła na drodze
 Ulepszone działanie - optymalna konstrukcja żarówki napełnionej w 100% Ksenonem

- Intensywne i mocne światło żarówki dla bezpieczniejszej jazdy
- Poprawa poziomego oświetlenia reflektorów głównych pomaga zmniejszyć ilość wypadków podczas jazdy nocą i w warunkach słabej widoczności

Bis zu 120% mehr Licht auf der Straße

Neues Leistungsniveau – Prozessoptimiertes Design mit 100 %-iger Xenongasfüllung.

- Intensivste und Leistungsstärkste Lampe in Bezug auf Helligkeit, sorgt für sicheres Fahren
- Erhöht die Lichtintensität des Scheinwerfers und verringert somit die Unfallgefahr bei Dunkelheit
- Verbesserte Lichtintensität hilft bei der Verringerung von Unfällen in der Nacht und bei schlechten Sichtverhältnissen

Up to 120% more light on the road
 New level of performance - optimized design with 100% xenon gas fill.

- Most intense and powerful lamp in terms of luminance, for safer driving
- Improved headlamp illumination level helps in reduction of accidents at night time/in poor visibility conditions

GE auto aftermarket pack concept

GE Lighting – has been a leading supplier to Automotive OEM and Aftermarket customers throughout the world for many decades. We continue our pioneering work to offer advanced solutions and benefits that can fulfill our customers' needs.

Our brand is the symbol of our heritage, and of the quality and trust we have delivered to our customers. It embodies our commitment to anticipate and meet their changing needs. It represents the imagination we use to address those needs in a manner that reflects our values.

As a result of continuous efforts to fulfill our customers' changing needs - GE has developed the aftermarket packaging concept. The main objective of our redesigned packaging is to enhance the shopping experience and drive upsell.

GE twinbox/display pack

Our redesigned blister pack has the following advantages:

GLOBAL: packages reflect a "world view", display the elements of environmental and regulatory requirements, use multiple languages

TRUSTED: make the purchase easier and clearer, simplified messaging that is repeated on all platforms

PRECISE: package information is clear and states features prominently

APPROACHABLE, SIMPLE: Easy to understand and right for the purchaser, helping them to decide which product is good for them. Provides differentiation between standard range and premium ranges by using color coding.

Colour coded packages tied directly to POS messaging for easy identification:

STANDARD range - describe the standard categories, D2 discharge, 12V-24V halogen and miniature lamps

PREMIUM range with feature/benefit logo, explain how one product differs from another, and why it is most appropriate for its task - rationalize the move to upsell in the halogen and miniature lamp categories

Standard ranges

- D2 gas discharge lamps
- 12V halogen and miniature lamps
- 24V halogen and miniature lamps

Premium ranges

- Megalight ultra +120
- Megalight ultra +90
- Megalight plus 50
- Sportlight
- Extra life
- Heavy Star
- Rally
- Motorcycle

GE Lighting is constantly developing and improving its products. For this reason, all product descriptions in this catalogue are intended as a general guide, and we may change specifications from time to time in the interest of product development, without prior notification or public announcement. All descriptions in this publication present only general particulars of the goods to which they refer and shall not form part of any contract. Data in this guide has been obtained in controlled experimental conditions. However, GE Lighting cannot accept any liability arising from the reliance on such data to the extent permitted by law.

All lamp drawings are a guide, if further technical details are required please contact your nearest sales office.

General conditions of sale

GE Lighting products are supplied according to GE's General Conditions of Sale. If you require a copy of these conditions please contact your nearest GE Lighting sales office.

Prices

A price list is available from all GE Lighting sales offices.
