AM Mini Spider Net Super Lock 3A

System Overview

Mini Spider Net is a high-performance alarming tag. It can accommodate goods of various sizes. The length of the wire rope can be adjusted by rotation to suit all kinds of packaging boxes. When the tag enters the protection mode, the wire rope will be locked, and cutting the net will trigger a huge alarm sound and LED flash. At the same time, it also has excellent detection rate with AM anti-theft antenna. Commonly used in a variety of retail stores.

Features

Suitable for Abundant Products

Strong fixation effect, can be effectively fixed on valuable goods, not easy to be damaged unless the special unlocking device is used.

High Security Protection

Breaking the tag will trigger a loud alarm tone, which can alert guards and effectively deter theft.

Good Detection Effect

High detection rate, good anti-theft effect.

Various specifications

Multiple net sizes are available.

Multiple alarm modes

When the tag passes through the antenna, both the antenna and the tag will alarm. When the net is cut off, the tag will alarm.

Scene

The tag can be fixed on small and medium-sized valuable goods.
